

ISGE 2012 Congress: Pre-Congress Course Agenda

Wednesday, March 28, 2012

PC1: Taking Minimally Invasive Gynecologic Surgery to the Extreme – Cost: \$449

Chairs: Jon I. Einarsson, MD & Shailesh P. Puntambekar, MD

Faculty: Arnold P. Advincula, MD, Prashant Mangeshkar, MD, William M. Burke, MD & Noah Goldman, MD, Daniel Kruschinski, MD

Objectives

- Discuss surgical strategies for the “frozen pelvis.”
- Demonstrate anatomy of the retroperitoneum (paravesical, pararectal, rectovaginal, & lateral pelvic wall) in a cadaveric model.
- Identify tips & tricks for managing the large uterus & other extreme pathology.
- Review strategies that address the management of complications when encountered.

Agenda

- 7:45-8:00 am **Welcome & Announcements/Course Overview**
- 8:00-8:30 am **Understanding Pelvic Anatomy Through the Eyes of a Radical Pelvic Surgeon**
(Shailesh P. Puntambekar, MD)
- 8:30-8:50 am **Managing the Endometriosis Filled Pelvis** (Jon I. Einarsson, MD)
- 8:50-9:10 am **Practical Strategies for the Retroperitoneum & Ureterolysis** (Arnold P. Advincula, MD)
- 9:10-9:30 am **Dismantling the Difficult Laparoscopic Hysterectomy** (Prashant Mangeshkar, MD)
- 9:30-9:45 am **Q&A: Faculty Panel**
- 9:45-10:00 am Break
- 10:00-10:40 am **The Difficult Pelvic Dissection: Perspectives from Two Oncologists**
(William M. Burke, MD & Noah Goldman, MD)
- 10:40-11:00 am **Strategies for a Frozen Abdomen** (Daniel Kruschinski, MD)
- 11:00-11:30 am ***Surgical Tutorial Video Festival*** (Faculty Panel)
- 11:30-11:45 am **Q&A: Faculty Panel**
- 11:45-12:45 pm Lunch/Change to Scrubs for Cadaveric Hands-on Wet Lab
- 1:00-4:45 pm **Cadaveric Hands-on Wet Lab**
- 4:45-5:00 pm **Wrap-up/Evaluations/Adjourn**

Note: Every effort will be made to adhere to the agenda; however, changes may occur.
